Because of Pluto's unusual orbit,  
what might Neptune say to Pluto in  
the lunch line?

- 1 "Stop pushing me!"

The YDKJ for the kids. I don't like the animations or avatars. Still classic humor.. Okay, you got me. I do not know Jack Headrush.. Graphics are poor, questions too challenging. Overall disappointing game.. Out of all the games in the YDKJ Classic Pack, this game is the best. Yes, the Jack Attack is called the Head Rush for no reason, and the screws are replaced with Chatters, but the questions are fun to answer. Get it now. You'll love it.. Why did I buy this?

This one is the best, out of playing all the you dont know jack, Headrush, is easily ths best, the questions, gameplay, extra side questions, are just slightly better than the rest.. Love this game!. Got a high score of -26k. 11V10 would play again. Classic "Jack" and though campy, though somewhat expected, it is challenging, funny and entertaining all at once. That is what "YDKJ" is all about!. Finally, YDKJ gets a 1990's Teen Game Show Makeover. It's HeadRush Time! And best of all, instead of using Screws, you get to use Dentures to bite your opponents by Pressing "Spacebar" rather than the "S Key".

You can thank me later once you get this Wild & Crazy Teen Game Show.. IT WON'T CLOSE HELP ME
